Darrel & Sheree Hope are passionate about their transition into marriage ministry. Together, they are bringing a fresh perspective to the blessings and challenges of marriage, as well as 20 years' experience of working in ministry. With three adult children and one still in the home, there is much to discuss when it comes to relationships.

Blending a family is not only a challenge in the natural, but also in the spirit. However, from this challenge ministry can be birthed. That is exactly what happened for them. In 2014, the Hopes began building their current ministry,

B&F Ministry, LLC, to offer biblical based counseling, and marriage and relationship education (MRE) programs impacted by the teachings of Dr. Myles Munroe. Together, Darrel & Sheree are spiritually led yet practically driven.

Their counsel and coaching techniques highlight the emotional and spiritual hurdles from conflicting beliefs due to relational myths with the Word, that prevents a consistent joyful connection with God and others. Today, they bring with them the good news with a little humor and lots of practicality.

When we get married we begin a different type of search for true joy. This is the pursuit of experiencing someone who wants to be with you while knowing all of you and appreciating everything about you uninterrupted. There is an attraction in fully knowing someone, seeing all of who they are, and recognizing that they are lovable. There is a reason why we need and search for this.

We believe that this *reason* is why Adam and Eve were able to be naked and unashamed. There was nothing to be ashamed of. They were who they were. There was nothing hidden from each other and yet they desired what they saw.

There was no hierarchy as they were created to "fit" and not compete. Together, God blessed them to be fruitful and increase in number; fill the Earth and subdue it. Rule over life in the sea, in the sky, and every living creature that moves on the ground. In other words, they were created to work together. In doing so, there was a humility between them as they cherished the work and gifts that the other possessed and operated in. And there was more. Much more!

For This Reason

It's Deeper Than I Do

Marriage & Relationship
We must first define what we have in order to learn how to care for it. Define the status, learn about it, and execute.

Foundation & Support
Look beyond the surface. At first glance, it can appear to have no signs of threats or concerns... until impact.

Communication
Our communication is more intricate than the emojis we send back and forth to one another. See the real pic!

Forgiveness
Learn to take the practical steps of forgiveness; making the effort become a bit easier each time.

"Our Most Popular Class"

THE STATE OF OUR
UNION

The overall class experience was very informative and beneficial for me and my marriage. In my opinion it gave the entire class a lot to pray and think about. The class encouraged us to communicate and work together as a team. The class was also very rewarding and allowed everyone to engage in conversations respectfully."
